

Set Sail on the S.S. Shriners

7 Ways Shriners Hospitals For Children Makes Waves

Ahoy!

1 All Aboard

We help kids be kids.

Kids make us better, which is why we do everything to help them get better.

2

Captain of Care

22 facilities across North America

Offers the top pediatric orthopedic treatment

Specializes in burn care, cleft palate and spinal cord injuries.

3

Yacht Just a Hospital

We include both the child and their family through their time here.

Children here have fun with holidays, events, activities and parties.

Kids can still feel like kids at Shriners.

4

Navigate Families through Rough Seas

We never turn down a child or family that are unable to pay.

Kids have received the best specialized care, no matter the cost, since 1922.

5

Out Sanding Research

Many orthopedic methods used today were discovered at Shriners.

Since no two facial clefts are the same, we find customized solutions.

We are pioneers in burn care and spinal cord injury treatments.

6

Mates Safe Ashore

We've helped over one million kids get better and live better.

From the Special Olympics to college scholarships, Shriners kids reach their dreams.

You'll feel supported in the Shriners family.

7

Share Your Treasure

Donors make it possible for kids to receive the care they need.

Help keep Shriners at the forefront of research.

Donate now to Shriners Hospital for Children.
